LEADERSHIP INTENSIVE

Putting Principles and Leadership into Action

Ric Olson

Learning Objectives: Putting Principles and Leadership into Action

- Transform your strategic planning into a living, breathing, actionable process that allow you to be flexible and adaptable to the changing environment.
- Know how to engage the people closest to the work – its challenges as well as opportunities – in your strategic planning efforts. Engaged and invested staff are powerful partners in accomplishing organizational goals.
- Explore how to lead your organization in a way that creates and sustains community and strengthens connections.
- Reignite your passion as a servant leader to restore a spirit of optimism throughout your organization and the greater community.

Transform your strategic planning into a living, breathing actionable process that allows you to be flexible and adaptable to the changing environment.

- ✓ Write a takeaway with your formula number (s) on your **yellow** index card.
- ✓ Share your takeaway with one or two others.

Know how to engage the people closest to the work – its challenges as well as opportunities - in your strategic planning efforts. Engaged and invested staff are powerful partners in accomplishing organizational goals.
